Dileep Rangan
Asia Programme Director
IBM Watson and Cloud Platform Expert & Delivery Services

Dileep Rangan leads the implementation of Watson solutions in Asia. He has been with IBM since 1997 and IBM Watson since Dec 2015. Prior to joining Watson he lead a complex business transformation account for a global FMGC, responsible for Asia, Africa and the Middle-East. He has held leadership roles with IBM global procurement in Canada, Thailand, India and Singapore directly supporting growth in the services business lines and driving value through 3rd party relationships. Dileep started his career in law with his own practice and started in IBM providing legal support for procurement matters in Canada and for global software procurement teams. Dileep has been based in Singapore since 2005.
