up Fusang's blockchain initiatives: building financial infrastructure for the "Internet of Value". Henry works closely with global institutional investors and financial regulators to bring professionalism and structure to the industry. He is also directly responsible for Fusang Vault: the first digital asset custodian.

Henry is a Director at Portcullis, Asia's biggest independent group of trust companies that provides a one-stop shop for corporate, trustee, custodian and fund administration services to high net-worth individuals. Henry is also a Director of Oyster Security: providing a complete spectrum of cybersecurity knowledge and consultancy services to small and medium enterprises in Singapore.

Henry holds a Bachelor of Arts (Hons) in Philosophy, Politics & Economics from the University of Oxford. Henry also holds a Masters of Science in Behavioural Science at the London School of Economics & Political Science, where he wrote his thesis on the behaviour of family offices.

Henry is a Fellow of the Royal Society of Arts, and a Fellow of the Royal Asiatic Society.
